Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Monday 20 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy overnight, becoming sunnier through Tuesday.

This Evening and Tonight:
After some late brightness, turning cloudier from the north overnight, this bringing a little patchy light rain in places. Staying dry for most however, though some fog patches may form in prone locations. Minimum temperature 9 deg C (48 deg F).

Tuesday:
A cloudy start, with this soon breaking to leave a dry and bright day with plenty of hazy sunshine. Southern areas may see some patchy fair-weather cloud at times. Maximum temperature 20 deg C (68 deg F).

Outlook for Wednesday to Friday:
Turning cloudier with some patchy rain possible, particularly over the hills. Some drier and brighter weather, especially towards the southeast. Stronger winds for all.
